C. Catholic Cemeteries Financial Controls Policy

Guiding Principles

a. Budget Approval

Formal approval of the annual budget for the Catholic Cemeteries rests with the Archbishop. The Cemeteries Advisory Board is responsible for review of the budget presented to ensure its overall integrity, completeness, financial soundness and to endorse its submission to the Archbishop and Finance Council for its approval as part of the wider RCA V budget process.

b. Overall Integrity of the Budget and Accounts

Once approved all budget numbers cited must tie back to the approved budget; categories should remain consistent as best as possible over time to allow for accurate year-over-year comparisons. At no time can previous year’s numbers be restated unless endorsed by the Advisory Board and explicit approval has been duly received.
c. **Variance**
   Once a budget is approved for a given year, no changes to the budget can be made without going through the approval process set out in item (a) above.

d. **Ex-budget Approval**
   In cases where the approved budget requires revision, the variance must be brought to the attention of the Advisory Board providing an explanation for the variance and whether additional budget is required. Budget approval will follow the process set out in (a).

e. **Fungibility**
   Line items approved in the budget are not fungible and cannot be transferred to other areas of expenditure to make up a shortfall without approval by the Advisory Board and an appropriate justification given. Should a timely approval be required where it is not practical to seek the Advisory Board’s endorsement the Director shall seek approval from his/her direct line manager and report back to the Advisory Board.

f. **Extraordinary Payments**
   Extraordinary Payments must be presented to the Advisory Board as part of the annual budget exercise with sufficient explanation as to why the payment is recommended. Approval outside the annual budget cycle will follow the process outlined in (a) above.

g. **Staffing**
   A staffing plan will form part of the annual budget documentation provided to the Advisory Board. It will outline full staffing complement and requests to amend this complement for the coming fiscal year (i.e. increase it; change its make up in terms roles and responsibilities). The budget for all hires will be broken out individually – both new and those already in situ. Salaries/benefits for each individual staff member are not fungible.

The Advisory Board (working in concert with the Director) may at its discretion appoint an ad hoc Budget Sub-committee to assist the Director in his/her work and provide closer oversight of the budget making process.

**Director's Spending Authority and Dual Control**

**Signing Authorities**
- For amounts under $10,000 the Director\(^1\) and Operations Manager may sign individually without the need for a second signatory.
- For amounts over $10,001 requires the Director’s signature plus either the Vicar General\(^2\) or the Archbishop’s Delegate for Administration\(^3\).

**Annual Operating Budget – Process**

Separate operating and capital budgets will be prepared annually by the Director and presented to the Advisory Board for review and approval. These documents will be prepared well in advance to ensure that submissions tie in with the wider RCAV annual operating planning process. Broad timelines include:

- **By 15 August:** Draft Budget presented to Advisory Board for review using end of July actuals.
- **By 15 September:** Revisions to draft budget using end August actuals and incorporating Advisory Board feedback.
- **By 30 September:** Submission to RCAV Finance Council.

**Business Performance Reporting**

Business performance will be reported on a quarterly basis to the Advisory Board. The format of this Reporting will include, at a minimum, the following:

- Year-to-date business performance metrics (gross sales breakout: pre versus at need sales; pre/at need breakout by body burial versus cremated burial) compared against approved budget.
- Year-over-year comparisons by month (i.e., Jan 2012 versus Jan 2013).
- In general, a monthly breakout of numbers should be presented using simple division into 12 equal amounts.
- Year-to-date actuals should be presented as part of business performance reporting. Estimates for the balance of the financial year should be on a rolling basis, that is, 2-month, 3-month, 4-month, etc. rolling average.

**Audited Accounts**

Accounts for the previous financial year covering the Cemeteries’ business should be closed no later than the 3rd week of January of the following new fiscal year. Audited accounts should be prepared, presented and approved by the Advisory Board no later than the end of February.

**CRA Reporting Requirements**

Audited accounts should be furnished to the Canada Revenue Agency by the end of March to meet reporting requirement deadlines covering Registered Canadian Charities.
